

The Curriculum at Clear Lake Child Care

Clear Lake Child Care curriculum goals ensure that every child is supported in learning, that teachers will understand and embrace comprehensively educating children, and that parents and teachers will work cooperatively to make sure it all comes together.

Our view of the curriculum is comprehensive and encompassing all aspects of growing and learning. It embraces the inter-relationship among teachers' planning, the child's interest and response, child development, the child's family context, culture, and the reactions and interactions of the adults and other children. CLCC implements research-based assessments and frog street curriculum along with Spanish and Sign language daily. When young minds are stimulated through a learning environment, a child can reach his/her maximum learning potential.

CLCC uses Frog Street Infant to build strong foundations!

Frog Street Infant is a comprehensive program that optimizes key windows of opportunity to build strong foundations for little one's ages 0-18 months. The program offers easy-to-use activities emphasizing all developmental domains (language, cognitive, physical, social and emotional, approaches toward learning).

Frog Street Infant is aligned to Head Start School Readiness Goals for Infants and offers complete support to equip caregivers to optimize the growth and development of the children in their care. Key components include:

- Equip caregivers to nurture the little ones in their care
- Optimize key windows of opportunity for growth and development
- Are designed with intention and purpose and organized around developmental learning domains
- Strategies to enhance social and emotional development
