

The Curriculum at Clear Lake Child Care

Clear Lake Child Care curriculum goals ensure that every child is supported in learning, that teachers will understand and embrace comprehensively educating children, and that parents and teachers will work cooperatively to make sure it all comes together.

Our view of the curriculum is comprehensive and encompassing all aspects of growing and learning. It embraces the inter-relationship among teachers' planning, the child's interest and response, child development, the child's family context, culture, and the reactions and interactions of the adults and other children. CLCC implements research-based assessments and frog street curriculum along with Spanish and Sign language daily. When young minds are stimulated through a learning environment, a child can reach his/her maximum learning potential.

CLCC uses Frog Street Toddler to nurture curiosity through exploration!

Frog Street is designed around early brain development and focuses on enhancing the simple joy of childhood while equipping caregivers to nurture curiosity through exploration.

Frog Street Toddler includes 52 weeks of activity choices specifically created for children ages 18-36 months. Frog Street Toddler offers:

- Activity choices organized around five developmental domains
- Differentiated instruction options to meet the needs of all learners
- Easy infusion into daily routines, such as diaper changing, transitions and outdoor play
- Designed with intention and purpose to move children forward in their development

Below we have included links to our Weekly Lesson Plan, Tips for Parents ("Parent" as Partners"), Developmental Checklist, and Learning Goals!
